

*"We've been able to use Medicare's CCM and ChronicCareIQ program to not only generate new revenue but also improve patient care."*

*- Dr. James West*

## Improved Care, Net New Revenue & Reduced Administrative Burden

*"We are better in touch with our patients. Patients feel better knowing that they have daily or regular contact with our office and we have improved communications with a significant decrease in office call volume"*

*"This kind of elevated care is not happening anywhere else. Even as a concierge physician, I could have never provided this level of care without ChronicCareIQ."*
